How is my membership at First Congregational Church meaningful to me?

"First Church has been a welcome home for our growing family. Through life's craziness, we know we can lean on the support of the church community, and we especially love the children's programming for our little ones. We feel truly blessed to be members at First Church."

Lauren & Adam Peithmann

"We visited several churches after moving to Manchester. In our worship at First Church we were overwhelmed by the great preaching, the magnificent music and the very welcoming congregation. We feel truly blessed to have been led to membership at First Church."

Ross and Marion Palmes

"I love First Church for all the wonderful, kind and caring people, the fabulous music and meaningful sermons. I grew up in this church and it never ceases to amaze me how uplifting it is to spend time with my church family. In these challenging times, surrounded by all the negative aspects of the world, it is my time at First Church that helps me "recharge" my spirit with faith and hope for the coming week!"

Sue Hannigen

"First Church is our church home because it has always been an inviting and welcoming place for me and my family. We have made great faith-based relationships and connections with all ages throughout the church through our involvement with different committees, events and programs such as Sunday School, Choir, Vacation Bible School, and the Women's' Connection group. First Church is where we found our extended family!"

Jennifer Longval
